USAGE

Promotion Stepper

The Promotion Stepper is used to visually guide users through the necessary steps to qualify for a promotional bonus, clearly outlining each action required to stay informed of their progress and can easily track their path toward receiving the bonus reward.

VARIATIONS

Number of Steps

The Promotion Stepper is available in variations with 3, 4, or 5 steps, offering flexibility to accommodate different promotional requirements.

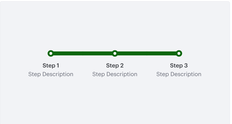
Device Type

The Promotion Stepper comes in both desktop and mobile variations

OPTIONAL ITEMS

Illustrations

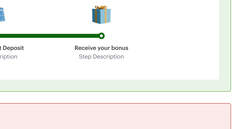
Illustrations are optional on the Promotion Stepper and can be turned off.



GUIDELINES

Do:

Use clear titles to express the purpose of each step.



Don't:

Use when steps are less than 3 or more than 5.
