VARIATIONS

Empty or Filled

When the input is empty, the label is centered, but moves up for the value of the field once the user starts typing.

Empty — Label Text

Filled — Label Text / Input Text

Focus State

Input can be navigated using the **Tab** key on the keyboard. A blue border appears around the component when the focus state is applied. The dropdown menu can be accessed by pressing the **Enter** key when the input component is in focus state.

Label Text

Label Text / Input Text

Error and Disabled States

Inline errors will be shown as a message below the input and the input will be highlighted with a red border.

Disabled inputs should be avoided.

Error — Label Text / Error Message

Disabled — Label Text / Input Text

Interaction

The interaction state changes the border color. Inspect to see which color is used.

Hover — Label Text / Input Text

Focus — Label Text / Input Text

Error Hover/Focus — Label Text / Input Text / Error Message

Table Inputs

Table inputs are only used within tables as nested elements. Table inputs can be found in the Table section of DSM.

PLAN #	APR	TERM	MERCHANT FEE	PAYMENT FACTOR
3060zd	29.49%	10 year	2 %	2.64%
3120d	29.49%	10 year	4 %	3.64%
3120d	29.49%	10 year	%	3.64%

OPTIONAL ELEMENTS

Icons

Icons can be used on the right to denote a specific type of input or interaction.

No Icon — Label Text

Dropdown — State / Input Text

Datepicker — Label Text / Input Text

Shown, can hide — Social Security Number / 123-20-1283

Hidden — Social Security Number / •••-••-••••3

Hint text

Hint text below the input is most accessible because it doesn't disappear once the user starts typing. Enable the hint text toggle on any variant.

Hint Text — Label Text / Hint text

Long-form Inputs

Long-form inputs are used for fields that require sentences/ paragraphs such as commentary or descriptions.

Long Inputs — Comments

Long Inputs — Comments / This is an example comment

Password Variation

Password hint text will be interactive depending on the content that the user inputs. Error state will show when the user doesn't fulfill the criteria, but continues with the cta.

Password
••••••••••••••••

- at least 8 characters
- at least 1 lowercase letter
- at least 1 uppercase letter
- at least 1 number

Password
••••••••••••••••

Password must be at least 8 characters long, contain at least one number, one uppercase letter and one lowercase letter.

- at least 8 characters
- at least 1 lowercase letter
- at least 1 uppercase letter
- at least 1 number

Currency Label

The Currency Label can be used to collect and display monetary values in a specific currency, such as CAD, to ensure clarity in financial data entry. The "$" symbol can be added as a static text within the field to indicate that the input is a currency.

Empty — Gross Annual Income / CAD

Filled — Gross Annual Income / $ 150,000 / CAD
